UPDATE on APPEAL for KATE FELLOWS

On 31st December an appeal on behalf of KATE FELLOWS a well known and longstanding member of our Association was made as she was in very urgent need of your **HELP!**

Kate and her husband Harry would like to thank everyone who responded to their urgent call for help; those that in their numbers went and gave blood, those that spread the word, and those that sent them their love and best wishes.

Kate and Harry thank ALL OF YOU!

Harry has asked that you be informed that such was your response that the hospital has been inundated with so many people turning up to give blood and now have more than enough blood – in fact more blood than they can cope with.

So please do not turn up any more at the Near East Hospital, Lefkosa to give blood. INSTEAD, should you wish to give blood, Harry & Kate ask that you please contact your local hospital and donate blood to that hospital for the benefit of anyone and everyone who needs it (The British Residents Society have regular blood donation days – see their website for information).
