In North Cyprus both sexes can donate every four months.

The age limit for regular donors is 68; the age limit for first time donors is 67. The BRS is currently undergoing discussions with the Health Department to raise the age limit for donors.

If you are on medication, please check with **CESV** to see if you are eligible to donate.

Donating blood takes approximately 20 minutes. The technician will first check your blood pressure and haemoglobin count, and provided these are within the specified health limits, you can donate.

To register TO BECOME A DONOR, please

email: beablooddonor.brstrnc@gmail.com with your name, home location, mobile telephone number, email address and date of birth. If you know your blood group, please also advise what it is. If you don't know your blood group, the BRS will be able to tell you once you have attended a donor day and they have received your results from the blood bank. Having donated blood at a donor day you will be issued with a donor card on your next visit.
