MAY 23<sup>RD</sup> 2020

Our Association has had a Facebook Group for a number of years; this is a Private Closed Group **for our Association members only**. From this group whilst you can post messages and photos to it for other group members to see you cannot share any of these messages or photos with anyone else.

As of today our Association now has a Facebook Page linked to our Facebook Group.

Although linked, our Facebook Group and Facebook Page **do not share members details** with one another and are separate from each other apart from the link.

In our Facebook Group you can see the link to our Facebook Page. In our Facebook Page you cannot see the link to our Facebook Group unless you are a member of our Facebook Group.

If a non-Association member interacts with our Facebook Page they cannot access our Facebook Group.

The Facebook Page is a Public Page which means that any message or photos posted to it can ALSO be shared with anyone else **e.g. our Fund Raising Appeal can be shared to all our members' social media friends**. PLEASE SHARE THIS APPEAL WITH ALL YOUR FRIENDS.

YOU can now post to either our Facebook Group or Facebook Page the choice is yours, JUST REMEMBER – if you post to our GROUP only members will see your post, if you post to our PAGE anyone can see it if they know the page exists and share your post. There is nothing stopping you posting the same thing to both our Facebook Group and our Facebook Page.
