5TH July 2020

with online  
TRNC  
Residency

Our Association Secretary CAROLINE HOUGHTON is offering to help any Association Member who is currently physically in the TRNC to start the FIRST PHASE of the On-Line TRNC Visa Residency application process.

If you are having difficulties with your online Residency Visa Application, Caroline Houghton, is offering to organise a few sessions on behalf of the ATA for any Association Member who wants assistance. At the sessions she will try to assist you in completing the initial first phase of the online registration process.

She will help you to register on the TRNC Government system, set up your account and assist in the upload of documents in order that you can obtain an immigration appointment at a local police station that has an immigration department.

To complete the initial first phase of the registration process you need to bring to your session with Caroline both your valid passport and recent mukhtar's letter, plus evidence of how much income you have on a regular monthly basis.

If you require assistance, please email Caroline at

[secretary.ata.trnc@gmail.com](mailto:secretary.ata.trnc@gmail.com)

with your Name, mobile telephone number and details of where you are based in the TRNC so that she can set up sessions at a suitable location.

Whilst Caroline is not charging for this assistance, she will have with her a donation box should anyone requiring assistance wish to donate to the Associations Fundraising Appeal on behalf of the Special Needs Children's School in Karakum.
