

## ATA Organised EVENTS 2020

# MAY / MAYIS

### 5<sup>TH</sup> Bird Watching

As on previous occasions, ALL DAY bird watching experience will be led by the renowned Robin Snape whose knowledge and expertise in all aspects of wildlife make for both an enjoyable and interesting experience 'Twitchers' as well as the less so. Cyprus is situated between two of the great bird migration routes' one from the Balkans to Africa, and the other from western Russia Southwards through Palestine to East Africa. North Cyprus is home to an impressive 347 different species of birds, seven of which are unique to Cyprus. The yearly arrival of migrating birds heading

birds in May, include the blue rock thrush, spectacled warbler, the resident Cyprus warbler and wheatear, black-headed bunting, alpine swifts, swallows, swifts, hoopoe, masked shrike and little juncos, although with over 347 different species of birds, many of which are unique to Cyprus organised bird watching is a treat to behold. Everyone who has previously experienced our Bird Watching event has enjoyed themselves and many had a great time but also learnt much from Robin's enthusiasm for our feathered friends. Join us for an unforgettable experience and something you will tell your friends about for ages!

**Descriptions of all Events** are done so using poetic journalistic license and should not be assumed to be a detailed description or itinerary of any particular Event, rather a 'wetting the imagination'. Detailed information on all Events will be emailed to members in sufficient time prior to the actual Event to enable informed decisions made as to if the Event is of interest to you.

For more information on any of our Events in 2020 please email our Events Organiser whose contact details can be found on the committee members page and events page of our website.
