Today, children from Çatalköy Primary School (CPS) gave the Kuzey Kıbrıs Türk - İngiliz Derneği The Anglo Turkish Association of Northern Cyprus (ATA) all the blue bottle tops they had been collecting since the start of the year.

Headmaster Uğur Çınar, said his school has been collecting the blue bottle tops ever since they heard about the ATA Recycling Scheme, commenting *'it is important to educate and teach children about our environment and how we can all help it. What the ATA do, not only help reduce the amount of plastics that would be discarded into our countryside but also to convert it into wheelchairs for the disabled is wonderful and the children at my school are pleased to be involved in the ATA Recycling Scheme'*.

ATA Chairman Philip Lloyd thanked Uğur Çınar and more importantly the children at his school for their generous donation of blue bottle tops, commenting that the ATA was pleased to hear that children of such a young age were becoming involved not only in the ATA Recycling Scheme but also in understanding about the need to

safeguard our environment for future generations. **Information on the ATA Recycling Scheme can be viewed on the ATA Recycling Page of our website.**
